There are adequate aid stations on the ride but if in doubt, prepare and have a bit of extra water/bottles, food, spare clothes and long gloves for the ride. Plan ahead for inclement weather and be prepared. You will be riding through an austere mountain environment in May. Check the weather forecast ahead of time.
- In case of inclement weather on the course we may cancel the event. That information will be posted no later than 7am at the start.
- Please make every effort to ride to the start as parking in downtown Durango is limited. We have a maximum amount of time that riders can be on the road.
- NO IPODS/EARBUDS – they are a safety issue.
- **Crossing the yellow center line is not allowed. The road will narrow 10 miles north of Town at the Hermosa Creek Bridge and riders will go from the width of two lanes to the width of just under one lane for approximately 1 mile as you cross over the train tracks. Please slow down and be careful in that section. It will be well marked and have course marshals.**
- Always stay to the right hand side of the road throughout the course. The first 25 miles will have cars on the road in both directions up to Purgatory Ski Resort.

There will be riders of varying pace around you at all times. Keep an eye out for hazards on the road such as potholes and debris, especially at the start when you are in a large group or descending. Safety is our first priority.

- There are aid stations at the bottom of Shalona Hill (10 miles north), Haviland Lake, (approx 16 miles north) These stations have liquids and food items. Do not rely solely only on the aid stations, take a supply of items on your own. We do not provide mechanical support. Please bring your own repair provisions
